A BLESSING TO THE NATIONS

WE ARE ASKING GOD FOR THE NATIONS...

Help us make it happen!

[DONATE NOW](#)

LATIN AMERICA

[Guatemala and Panama and Cuba:](#)

We are continuing with the same concept of using men and women most of whom pastor Gary has personally walked with or trained and or ministered with. They also have a burning desire to change their prospective countries. We have asked each ministry team to submit their one year plan, and then a 2 year plan and finally a 5 year plan.

Betty is combining her one and two year plan to continue with our mission statement of growing our highly successful AWANA programs. She is combining her one and two year plan and has started working on her five year plan of adding a school to the mission house with Nina as the principal. In Panama one has to have a college degree in education in order to teach in a public or private school. Since Nina will be graduating with a college degree in education in 2020 that completes their one year vision plan. Presently Betty and Nina are ministering in 7 villages. Their two year plan is to expand the AWANA program to include more indigenous villages. They travel to three or four villages on Saturday's and Sunday's and then the other villages the next weekend. Every 5th Saturday and Sunday is a time of taking a witnessing team out and the next day is set aside for a humanitarian outreach by delivering beans and rice to those who are shut in. This approach is allowing the Panamanian team to average over 20 salvations monthly. Every AWANA meeting Betty and Nina do present the gospel clearly to any new attendees. I know from having worked in many of those same villages that even older adults and teenagers desire to hear whatever is being taught about God. Many even want to color the pictures that are given to the children.

Her current need is to have sufficient money to travel to these remote jungle locations.

CUBA

Thanks for your encouragement and support as A Blessing To The Nations has traveled and ministered in Cuba three different years. There is much Kingdom work needed in this socialistic country. The pastors who attended our conferences were passionate to see revival come to their island. Many of the pastors can legally leave and move to other countries but most feel as though revival is imminent in Cuba. My job is to encourage these men and women, who only average earning \$20 equivalent US a month, to stand strong in their faith and to believe that God will allow them to see this revival. At one of our conferences many the pastors traveled 300 miles across

for local travel, tracks and much needed Bibles. One 68 year old evangelist had to shorten his distance of travel because the chain on his bicycle broke. For lack of a \$10 bicycle chain, the area he was reaching went from a 10 mile radius down to a 5 mile radius. This was the distance he could comfortably walk. I will have more information in the coming months on what our plans will be for Cuba. However, the seeds you have planted in Cuba are maturing and now are bearing much fruit.

We are close to putting a roof on our first Cuban church.

GUATEMALA

Watch for more details on upcoming trips to Guatemala.

Many times I have been asked how I got started doing ministry in the country of Guatemala. Also what ministries made those arrangements for me to be introduced to the pastors in those remote areas. There is always a surprised look on their face when I tell them my story. I felt the Lord wanted me to book a flight to Guatemala as He would then make all my connections for me. That's exactly what happened to Charlene and I as we began the adventure of this ministry called A Blessing To The Nations. The Lord even gave us that name for our ministry on that first trip. For different individuals came up to us, two different individuals spoke in English and two different individuals spoke in Spanish. I immediately understood in my conversational Spanish that all four indicated we were to be a blessing to the Nations. Understanding just enough Spanish I knew that it was not coincidental and that God had chosen this simple husband-and-wife team to begin impacting the country of Guatemala for Jesus Christ. The first pastor we met was unplanned. For 17 years we have continued to work through this pastor and have developed a great friendship with his entire family. When I needed driver he suggested his son-in-law, Miguel who 11 years ago came to work for me as my driver when I needed a translator he stepped in as my translator. He now runs the entire ministry in Guatemala. Miguel is an anointed pastor and prophet as well as he successfully started his own church. He continually teaches a school of prophets and makes my agenda when I am in Guatemala. Our God had bigger plans for Guatemala than what I could even dream. I recently added the number of churches where we have ministered in Guatemala and I was surprised to realize it's over 400 churches. This includes teaching on evangelism, training seminars or regular preaching assignments. We have planted two churches, strengthen two more and now we have plans to start and finish two more churches in the next two years. In November we ordained a new pastor Diego and his wife Mabel, for the startup church that we will begin in the village of Hocoytillo. The village presently has no Christian churches as all the churches have closed down. The only church still in the village is a satanic temple. But our team is up to the challenge of starting a church in a garage as a cell group then growing it into a church similar to the way it was done in the book of Acts. We believe God is continually looking for someone who is obedient to do what he wants done.

Pastor Diego and Mable in the village of GUATEMALA that only has satanic churches.

We are ASKING you to help us grow our AWANA program in Panama.

We are ASKING you to help us return to CUBA to continue the spread of REVIVAL.

We are humbly asking you to consider being a part of this latest expansion of ministry as new opportunities are now available. Doors have opened for **B2N** to grow our vision but we need Kingdom minded partners like you. When you financially invest in A Blessing to the Nations Ministry, you are allowing us to return to our original vision of making an impact for Jesus regardless of what country we are in.
