B2N UPDATE

Looking forward to sharing the gospel again to those who have never heard the message.

“For this cause we also, since the day we heard it, do not cease to pray for you, and to desire that ye might be filled with the knowledge of his will in

Greetings in the name of our Lord Jesus Christ. We hope this latest newsletter finds you well with the Lord. We are very excited about what the Lord has done through this ministry. All of us, at A Blessing To The Nations, feel blessed to have been able to continue to do the work that God has called us to do. Many of the B2N team members were forced to do ministry differently because of the pandemic shutdown. We recognize that none of this would have been possible without you standing with B2N during this pandemic. We pray that as you participated in encouraging us, you will also be encouraged as we make it through this season healthy and feeling very blessed to be accomplishing Kingdom work. This quarter, as countries opened back up from lock downs, B2N was allowed to continue our ministry in Panama, Guatemala, Ghana, Zambia, South Africa, Kenya and Cuba. Also, this quarter I preached on the radio and did a few different Zoom calls. I was allowed to preach in one Zoom in which 95 countries heard the life changing message about Jesus.

DONATE

GHANA

We are believing that our big church in Ghana will be finished this quarter.

We will be hosting the roofing crew for the week at Pastor Fredrick's house because of the difficulty of late afternoon travel. It will be a great opportunity for them to hear the Gospel. Also Pastor Fredrick has been given the go ahead to start back preaching in the prisons. He was averaging 15 salvations a month before the closures. The only request from the prison officials was that B2N bring ample hand sanitizer bi-weekly when Fredrick comes.

Preparing rafters for the new roof.

In Ghana you tell them what you need and then they go cut the trees and then mill them to your specific need.

We must keep our B2N evangelism team in the fields as the harvest is plentiful and workers are few. Many will be a part of our new church build in Ghana! Our second phase of our ministry there will be a vocational training center.

SOUTH AFRICA

Has a sturdy rebuilt engine in our evangelism van!
This has carried Simon to many evangelism outreaches and believe it will last B2N many more years.

One of the B2N team members had an opportunity to lead a pastor and leadership conference in Zambia. The Apostle Simon Chabinga is taking the B2N format to build up the leaders in Africa.

Zambia

George is still mentoring Stanley and has proven to be another valuable asset to the B2N team. Together they are still reaching the lost and hurting in the remote villages of Zambia. He also took training in order to be a speaker in most of the Zambian prisons.

Young man who was mentored while in prison by our B2N team. Misheck was excited B2N paid to help him get his CDL license. Another productive Kingdom minded thinker added to society.

We must keep our B2N evangelism team in the fields as the harvest is plentiful and workers are few.

B2N continues to deliver food to those who have been impacted by the world wide pandemic.

Pastor Mathew has opened another small church and works tirelessly bringing young girls off the streets that are headed for a life of prostitution.

COUNTIRES ARE OPENING UP!

With your continued encouragement, we have helped plant a new start-up church in South Africa, trained even more evangelists. have continued our support of our orphans in Zambia, and have overseen the good results of the AWANA programs in Guatemala and the start of another AWANA chapter in Panama bringing that number to 5 chapters. We are believing that we can expand the Panama mission house to include a school. B2N's second church plant is finished and we will partner with our local Guatemalan church to start our third church plant south of the city. Leaders have been identified and strategies are being discussed to put our church in a village that only has a satanic temple. To God be the Glory!

Here our B2N team is showing the Jesus film in South Africa!

KENYA

In Kenya. We believe we will get that cottage industry started in 2021 to help supplement our ministry there.

THANK YOU

The staff and board of directors here at B2N are so grateful for the entire team who have continually supported us with their prayers, finances and encouragement.

So many stories or photos could have been included. We are excited with the incredible possibilities in what God has for us this year.

The staff and team members continue to pray for you.

On the recent day of repentance at the U.S capital. I was called on to do a sermon on repentance via Zoom! My message went out to over 95 nations as many Christians gathered in Washington DC to bring awareness of reconciliation.

7 fairs were missed this year and possible 10,000 people missed the opportunity to hear the good news of Jesus. But next year is coming soon!

CUBA

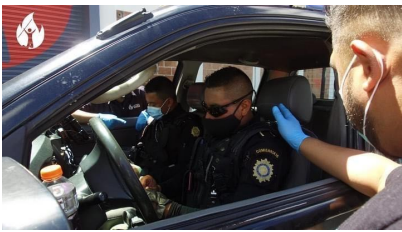

Our church plant in Cuba is still in need of a roof. We are believing that will be completed soon.

One of our evangelists in Cuba that B2N helps to keep him in the field.

GUATEMALA

Our B2N team had drive by prays for their community. Many police officers came to receive much needed prayers as many were exposed to Covid 19.

Travel will soon start back up as the countries are opening up again! So will the preaching and teaching and ministering will begin again!

DONATE

PANAMA

Panama is still on serious lock-down! Ministries are allowed to carry much needed food water and

THANK YOU DONORS! Let's keep the BLESSINGS goings!
